RESPONSIBLE PET CARE OF OXFORD HILLS, INC.

Shelter & Adoption

9 Swallow Road, Paris Maine

www.rpc.petfinder.com ~ Facebook

Responsible Pet Care of Oxford Hills, Inc. is a non-profit, 501-C3 organization that provides a no-kill shelter for homeless cats and dogs located at 9 Swallow Road in Paris. We are equipped to provide treatment and shelter for up to 100 felines and 20 dogs. All cats and dogs are adopted into approved homes for reasonable adoption fees. All are spayed/neutered, vaccinated, tested and flea treated. In 2017, we adopted out or returned to owners nearly 700 cats and dogs from our shelter.

"RPC" has agreements with the Towns of Norway, Paris, Oxford, Otisfield, Woodstock, West Paris, Greenwood, Hebron, Buckfield, Mechanic Falls, Poland, Gilead, Milton Township and Bethel to take strays. We accept owner surrender cats and dogs when cage/kennel space allows, as well as transfers from other shelters.

- Did you know? One unspayed female cat is capable of producing 20+ kittens per year for most of her life, female kittens start reproducing as early as 6 months of age, and siblings will breed. This is why it is so important to spay, neuter and report strays to the animal control officer.
- Did you know? Each time a dog gives birth to puppies it takes two years off her life. When you purchase a puppy, be conscious of where it comes from. Do not support "puppy mills". In "puppy mills", female dogs are bred too often, puppies may be sold too young and dogs may be kept inhumanely. They may be sick or become sick. Be very careful if you purchase a pet on line.
- Did you know? It is unlawful to sell a puppy or kitten before the age of 6 weeks. It is also required that a breeder and/or pet dealer provide the buyer of the puppy or kitten with a written disclosure indicating their history, including healthy records.

Responsible Pet Care can direct you to resources for low cost spay and neuter for dogs and cats. The State of Maine FIX ME spay/neuter program in Augusta issues certificates at a cost of only \$10 for cats and \$20 for dogs. These certificates are for income qualifying residents of Maine only. Responsible Pet care will cover these fees to qualifying individuals, which essentially means free spay/neuter! RPC also has grants to assist owners with the cost of spaying and neutering their pets that do not qualify for FIX ME. To contact FIX ME, 800 367-1317, to contact RPC 743-8679.

Dog licenses are due each year by January 1. Cats are required by law to be vaccinated for rabies. There is rabies present in our area, so vaccination is very important. If your dog gets lost and is wearing the dog license tag or other identification, there is a very good chance that he will be returned to you. The cost to register your dog is \$6.00 if spayed/neutered and \$11.00 if not. If you do not license your dog by January 31, there is a late fee of \$25.00 per dog. "RPC" urges all pet owners to make sure pets are identified by ID tag, dog license tag and microchip if possible so that pets may be returned if lost. Responsible Pet Care sponsors rabies vaccinations clinics in January and September. For more information regarding those clinics please call us at 743-8679. Also, if you are missing your pet, please call both your animal control officer.

As always, we appreciate and thank you for your support and compassion.

Morgan Miles, Jayden Irons

Community Lakes Association

The Town of Greenwood's single most valuable asset is its lakes. They provide a year-round range of activities for recreation, relaxation, and sports. They serve a large segment of our population, as well as provide income to others in the area. The commitment of the Community Lakes Association (CLA) is to maintain the quality of these lakes for the continued enjoyment for our townspeople.

A major function of the CLA is the ongoing control of milfoil infestation, in Shagg Pond, as well as one small area in Lake Christopher. In 2017 we implemented a new strategy for milfoil control in Shagg Pond. The harvest total for the year was 8,890 gallons, which was a 400% increase over the previous year of 2,200 gallons. We will be redeploying this process this year, beginning immediately after Memorial Day for another full season of harvesting. The total anticipated project cost for 2018 is \$44k with an anticipated \$19K of that coming from a State of Maine DEP grant. The remaining funds are contributed by the Towns of Woodstock and Greenwood, Spruce Mountain Wind Project/Patriot Renewables, membership donations, and, importantly, in-kind services from volunteers.

In 2018, we will install a kiosk at Lake Christopher with comprehensive information, which includes a presentation on boater responsibility in preventing the transportation of invasive plants from one location to another. The plan is to have kiosks at all boat ramps in town. This year North Pond is scheduled for a water chemistry report. Volunteers will also perform Secchi Tests for water clarity in all lakes and ponds in town. This will be another busy year.

We welcome anyone interested to attend our meetings and join our organization. We can be found on Facebook at Western Maine Community Lakes Association, or our website at <http://www.communitylakesassociation.org>.

Bethel Region Age Friendly Community Initiative (AFCI)

Annual Report – Dec. 2017

Mission: To explore ways to make the community more supportive of healthy aging and to make it possible for people to stay in their own homes (and communities) as they age.

The year 2017 has been an exciting and productive one for the Age-Friendly Community Initiative (AFCI).

The AFCI's region has expanded from the four towns of Bethel, Greenwood, Newry and Woodstock at the start of the year to now including Gilead and Hanover. Our region of six towns now represents close to one-seventh of the 50 age-friendly communities in Maine. At the last count, our number of active, enthusiastic volunteers has grown to an amazing 55.

AFCI's "Initial Action Plan" was approved in March by the World Health Organization (WHO) and AARP. It was the first such plan to be approved in Maine. The AFCI project base has been greatly expanded during the past year to include the following projects/programs:

- Our transportation program has grown to provide free local rides to seniors 60 and over for both medical and non-medical rides. The well-accepted Neighbor-to-Neighbor volunteer driver program, initiated on October 1, includes 13 drivers who have been trained and vetted and are insured. Our partnership with Community Concepts, although currently in state of a four-month hiatus, provided approximately 100 free medical rides to seniors 60 and over to destinations such as Lewiston/Auburn and Norway. In the spring, AVCOG recognized the AFCI transportation program for "establishing innovative free transit for senior citizens in the greater Bethel area."

An AARP grant-funded project, whose theme is "safety in the home," has provided 12 free fall prevention personal and home assessments with the assistance of the Bethel Family Health Center and an Occupational Therapist. Assistance is being provided to residents in the installation of fall prevention devices, such as grab bars. In collaboration with the American Red Cross, free smoke alarms are being offered to residents of Bethel, Greenwood, Newry and Woodstock and are being installed by the fire departments of the four towns. For the second season running, a seasonal walking program (13 separate

- participants) is being offered in Gould's Bingham Gym and, in partnership with SeniorsPlus, an eight-session Matter of Balance course (10 participants) has been offered at no charge to area residents. Lastly, in collaboration with Western Maine Senior College's To Your Health program, a presentation entitled "Be Safe in Your Home" was provided to the public.
- A major thrust has been the development of a grant-funded adaptive toolkit that has effectively served to enhance our outreach program. The toolkit is a collection of varied tools such as kitchen helpers, lights, vision aids and manual dexterity aids, all of which help folks live easier lives. Toolkits, accompanied by a tool catalog, are being displayed at

each of the six towns on a rotational basis, in Brooks Bros. where adaptive tools may be purchased, and on a loan basis in various age-friendly communities within Maine.

- The AFCI website (www.agefriendlybethel.org), augmented by a Resource Directory, and a Facebook page (www.facebook.com/agefriendlybethel) have been implemented. The Resource Directory is also made available to the public in hard copy form in selected locations throughout the six towns.
- The local outreach program has provided a weekly column in *The Citizen*, periodic newsletters and several promotional materials. A number of outreach events, leveraging in many cases on the adaptive toolkit, has been made available to the public at numerous events and venues, such as Mollycodd Day, the Bethel House, the Bethel and Woodstock senior citizens clubs, and the SeniorsPlus Aging Well Living Well Expo (at Sunday River). During the past year, AFCI representatives were invited to speak at a number of State- and national-level conferences:
 - Regional Age-Friendly Regional Conference (Hallowell)
 - Maine Age-Friendly Annual Meeting (Augusta)
 - Maine Summit on Aging (Augusta)
 - Tri-State Collaborative Learning on Aging Summit (Portland)
 - AARP Annual Livable Communities Conference (Dallas)
- Throughout the year, AFCI volunteers have participated in many telephone conferences and webinars involving participants from around Maine and the country. Discussion topics ranged from transportation to municipal tax abatement programs for seniors.
- In collaboration with AARP Maine, a Shredder Day was made available to local residents and businesses, resulting in 6500 pounds of shredded paper.

The Town of Bethel continues to serve as AFCI's fiduciary agent. Our organization has grown in terms of its Advisory Council membership, growing to 11 individuals, six of whom represent the six AFCI towns. A planning retreat for Council members was held in June to explore various opportunities for engagement.

The initiation and sustainment of the AFCI program have depended on several important funding sources:

- Residents of Bethel, Greenwood, Newry and Woodstock at their respective town meetings generously appropriated funds,
- Foundation grants:
 - Maine Community Foundation grant (volunteer driver training and outreach)
 - AARP Community Challenge grant (safety in the home project, adaptive toolkit and outreach),
- Private and business contributions.

AFCI has been actively advocating with the State legislature for the funding of LD 1248, "An Act to Improve Public Transportation in Maine", which would provide funding for the support and expansion of local non-profit volunteer driver programs, such as the N2N program.

PACE Paramedic Service

Citizens of the Town of Greenwood,

PACE Paramedic Service, a Department of Stephens Memorial Hospital is proud to be able to present you with a description of ambulance service for your Annual Town Report.

In 2017, PACE responded to a total of 4173 calls, 63 of which were in in your town. Our average response time for the calls in Greenwood was 10.1 minutes. Our average time has improved due in large part to our addition of a full time 7p-7a Paramedic Level Crew that is staged 24 hours / day in our Northern District. We are regularly out the door and on our way to calls in less than one minute with a minimum of three Paramedic Level Crews on duty at all times. As with all of the towns PACE covers, we provided the highest level of care available with a Paramedic on every 911 response.

PACE continues to maintain a very close relationship with the fine group of professionals on the Greenwood Fire Department and enjoys being able to work and train with the Fire Fighters whenever possible. Although we usually stage in Woodstock, the GWFD has been excellent hosts in allowing us to stage at the Locke Mills Station from time to time to maximize our resources as the need arises. You can also regularly find us at the GWFD Fish Fries - They are excellent!

In addition to the day time Fire Department coverage Greenwood and Woodstock share, both departments are also Maine EMS Licensed First Responder Services. They respond with PACE on calls bringing highly skilled, lifesaving aid to the citizens. This is truly a neighbor helping neighbor scenario, with local citizens responding to render care at your time of need. Working in concert with PACE, they have proven to be a true asset to the community. At PACE, we can not express our appreciation of their efforts enough. They have been absolutely superb on calls and an essential extension in the chain of survival.

PACE is always happy to visit schools, daycare facilities, organizations, and the like to talk about emergency care and give tours of the ambulances as part of our community outreach program. We are also more than willing to give tours of our station located on the Stephens Memorial Hospital Campus. We provide regular CPR & First Aid training here at Stephens and we are also willing to set up special classes to meet your needs. Please feel free to call 207-744-6126 to schedule tours and training.

Should you have any questions or concerns about ambulance service in your area, feel free to contact the Director anytime.

Yours Truly,

Bob Hand, Paramedic
Director; PACE Paramedic Service

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Greenwood, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Greenwood, Maine as of and for the year ended June 30, 2017, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material statements.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

P.O. Box 353, 223 Main Street, Norway, Maine 04268
(207) 743-6771 (207) 743-8606

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Greenwood, Maine, as of June 30, 2017, and the respective changes in financial position, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Greenwood, Maine's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

128th Legislature
Senate of
Maine
Senate District 18

Senator Lisa Keim
3 State House Station
Augusta, ME 04333-0003
(207) 287-1505

Annual Report to the Town of Greenwood
A Message from Senator Lisa Keim

Dear Friends and Neighbors:

I would like to thank you for the opportunity to represent you in the Maine Senate. It has been an honor to work on your behalf to make our state an even better place to live, work and conduct business.

On August 2, Maine lawmakers finally adjourned for the year, after what proved to be the longest session in recent memory due to a brief government shut down over budgetary disagreements. While no state budget is ever perfect, the end product was a state budget that makes a record investment in our students, supports our communities and will tremendously benefit small businesses and our economy.

Perhaps the most significant action the Legislature took last year, as part of the biennial budget, was the removal of the oppressive, job-killing surtax. This tax was already hurting small businesses, doctors and other professionals that we so critically need, especially in rural Maine. In November 2016, voters sent a clear message that education funding was to be a priority of the 128th Legislature, and we heard that message loud and clear. However, the funding mechanism which was included in the measure – the surtax – presented a serious threat to the state's economy. This new tax gave Maine the ominous distinction of being the highest-taxed state in the country and primarily impacted small businesses, which are the backbone of our economy, taxing them at a rate that is higher than larger corporations are subject to pay. I am proud to say that after a lot of hard work and negotiating, in addition to our rebounding economy, we were able to support our local schools at a level we have never been able to before – without any additional taxation.

The Homestead Exemption, which provides much-needed property tax relief for homeowners, was also preserved in the budget with an increased exemption of \$20,000.

The Legislature also passed a measure to make Maine compliant with the REAL ID Act. As a result of this important new law, the federal government has granted Maine a waiver, meaning that Maine citizens can continue to use their driver's licenses to board commercial airplanes and access certain federal buildings.

While we accomplished much, there is still a lot of work ahead of us next session. Again, thank you for putting your trust in me to represent you in Augusta. Please feel free to contact me if you need my help in navigating the state bureaucracy. I can be reached at home, 562-6023, in Augusta at 287-1505, or by email at Lisa.Keim@legislature.maine.gov.

Sincerely,

Lisa Keim
State Senator, District 18

January 3, 2018

Dear Friends,

Representing Maine in the United States Senate is an honor.

I continue my work on the Senate Armed Services Committee, each year authorizing the funding required to build our military capabilities and ensuring that our service members are trained and equipped to defend our nation. I was pleased to be part of a bipartisan effort to enact a new law to simplify the appeals review process to reduce the backlog our veterans are facing, as well as a new law that provides critical funding to the VA Choice Program, allowing veterans in rural Maine to access services closer to home.

While my committee work is important, working to combat the opioid epidemic is one of my top priorities. Although Congress has made some important strides, much remains to be done to provide additional funding for prevention, treatment and enforcement. I am working with colleagues on both sides of the aisle to pressure the Drug Enforcement Administration to reduce the amount of opioids produced and to thwart the flow of fentanyl and other deadly drugs into our country.

I am very optimistic about the integrated, multiagency effort I led with Senator Collins to foster innovation and commercialization in Maine's forest economy. Through the Economic Development Assessment Team (EDAT) we are already experiencing increased federal investments that will strengthen our existing forest products industry and help support job creation in rural communities. Initiatives like Cross Laminated Timber, Combined Heat and Power, nanocellulose, 3D printing with biobased materials and other biobased products will mean that Maine's wood-basket will continue to be a major jobs and economic contributor for our future.

Finally, the coming year will continue the work of the Senate Select Committee on Intelligence in the ongoing investigation of Russian interference in the 2016 election. Our Committee has held seven public hearings and numerous classified sessions, reviewed tens of thousands of pages of documents and conducted hundreds of interviews. I remain focused on the security of our elections and committed to developing strategies to prevent interference by foreign governments in our democracy.

May 2018 be a good year for you, your family, your community and our great State.

Best,

A handwritten signature in cursive script, reading "Angus S. King, Jr.", written in dark ink.

Angus S. King

(202) 224-1655 (FAX)

United States Senate

WASHINGTON, DC 20510-1904

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from this past year.

Maine has the oldest average age in the nation. As Chairman of the Senate Aging Committee, my top three priorities for the Committee are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security. Following the Committee's investigation into skyrocketing prescription drug costs, I authored bipartisan legislation to foster generic competition, which was signed into law. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for seniors to report suspected fraud and receive assistance. To support the 40 million family caregivers in the United States, I am proud to have authored the RAISE Family Caregivers Act to create a coordinated strategy to support family members who make countless personal and financial sacrifices to care for their loved ones.

The opioid crisis touches families and communities across our state. As a member of the Appropriations Committee, I fought for significant increases in funding to support community, law-enforcement, and public health efforts. In April, the State of Maine was awarded over \$2 million to fight this devastating public health crisis. Additionally, I have authored legislation to support grandparents and other extended family members who are raising grandchildren as a result of the nation's opioid epidemic.

Biomedical research has the potential to improve and save lives, and also supports good jobs at research facilities here in Maine. Last year, the Appropriations Committee approved a \$2 billion increase for the National Institutes of Health for the third consecutive year. This includes an increase of nearly 30 percent for research on Alzheimer's, our nation's most costly disease. As founder and co-chair of the Senate Diabetes Caucus, I work to raise awareness of the threats posed by diabetes, invest in research, and improve access to treatment options. My bill to establish a national commission of health care experts on diabetes care and prevention was signed into law in 2017.

We owe our veterans so much. Last year, I worked to secure the authorization of a Community-Based Outpatient Clinic in Portland to support the health care of Maine's veterans in the southern part of our state. I also worked to secure funding extensions to help veterans throughout rural Maine receive health care within their communities. I also worked to secure funding for housing vouchers for veterans to reduce veterans' homelessness.

Maine's contributions to our national security stretch from Kittery to Limestone. I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard for construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen our national security and preserve great jobs in our state.

As chairman of the Transportation and Housing Appropriations Subcommittee, I worked to increase funding for the TIGER program that has provided Maine with more than \$122 million for vital transportation projects. For housing, I worked to provide \$160 million to help communities protect children from the harmful effects of lead poisoning.

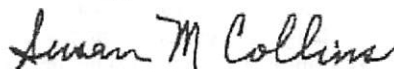

Growing our economy remains a top priority. I supported the comprehensive tax reform bill because it will help lower- and middle-income families keep more of their hard-earned money; boost the economy; and encourage businesses, both small and large, to grow and create jobs here in Maine and around the country. This legislation contains key provisions I authored that are important to Mainers, including preserving the deduction

for state and local taxes, expanding the deduction for medical expenses, and enabling public employees such as firefighters, teachers, and police officers, as well as clergy and employees of nonprofits, to make "catch-up" contributions to their retirement accounts. I led the effort to ensure that the tax cut will not trigger automatic budget cuts to Medicare or any other programs.

A Maine value that always guides me is our unsurpassed work ethic. As of December 2017, I have cast more than 6,500 consecutive votes, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Oxford County and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Lewiston office at 207-784-6969 or visit my website at www.collins.senate.gov. May 2018 be a good year for you, your family, your community, and our state.

Sincerely,

A handwritten signature in cursive script that reads "Susan M. Collins".

Susan M. Collins
United States Senator

Paul R. LePage
GOVERNOR

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

JAN 29 2018

Dear Citizen of Greenwood:

For the past seven years as your Governor, my priority has been to make Maine—our people—prosper. Helping you keep more money in your wallet by reducing taxes has been part of that mission.

Too many Maine families are facing skyrocketing property taxes that strain household budgets. Our elderly on fixed incomes are particularly vulnerable to these increases. School budgets are often blamed for annual increases in property taxes. But there's another reason. A tremendous amount of land and property value has been taken off the tax rolls, leaving homeowners to pick up the tab.

As of 2016, towns and cities owned land and buildings valued at nearly \$5.5 billion statewide. Large and wealthy non-profits, such as hospitals and colleges, often escape paying property taxes on their vast real estate holdings—totaling more than \$5.1 billion statewide.

In Maine, nearly 2.5 million acres of land have been set aside for conservation by the federal and state governments and non-profit organizations, including land trusts. Municipalities are losing out on property taxes on an estimated \$2 billion in land that has been either removed from the tax rolls or prohibited from development—shifting the cost of municipal services to local homeowners through higher property taxes.

It's time to recognize the results of taking property off the tax rolls and identify solutions to reduce the burden on our homeowners. My administration's proposals have been met with staunch resistance.

In 1993, about 35,800 acres of land were documented as land-trust owned. That number has increased by an astonishing 1,270 percent. Land trusts now control over 490,000 acres with an estimated value of \$403 million. We must restore the balance. We will be working this session to ensure all land owners are contributing to the local tax base. It's time for them to pay their fair share.

I encourage you to ask your local officials how much land in your municipality has been taken off the tax rolls, as well as how much in tax revenue that land would have been contributing today to offset your property taxes.

If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage
Governor

2018/2019

**ANNUAL
TOWN MEETING
WARRANT**

Warrant for Annual Town Meeting

May 19, 2018

For Year 2018/2019

July 1, 2018 to June 30, 2019

Oxford, ss

State of Maine

To: Albert Curtis Jr., a resident and Fire Chief of the Town of Greenwood in said County of Oxford, State of Maine.

Greetings: In the name of the State of Maine, you are hereby directed to notify and warn the inhabitants of the Town of Greenwood, qualified by law to vote in said town, to meet at the American Legion, Jackson Silver Post, 595 Gore Road, Greenwood on May 19, 2018 at 9 o'clock in the morning to act on the following articles to wit:

Article 1: To elect a **Moderator** by written ballot to preside at said meeting. *Dian Rainey*

Article 2: To elect a **Selectman, Assessor and Overseer of the Poor** by written ballot for a **three year term** starting July 1, 2018.

43 (1 blank)

Stipend Article

Article 3: Shall the Town vote to accept the following stipend for the Board of Selectmen for the ensuing year?

Unan.

Selectmen, Assessors and Overseers of the Poor

\$ 150.00 per month for each Selectman

LD 1 Tax Cap Article

Article 4: To see if the Town will vote to increase the property tax levy limit of \$ 932,103.00 established for Greenwood by State Law in the event that the municipal budget approved under the proceeding Articles will result in a tax commitment that is greater than that property tax levy limit.

*Motioned,
seconded,
voted to
move*

STATEMENT OF FACTS: Every effort has been made to hold the budget increases to a minimum, if adopted as presented the budget will result in a tax commitment that is above the property tax levy limit. If the preceding Articles are approved by the voters, we have exceeded the property tax levy limit by \$ 14,930.00. State law requires voter action to authorize an increase in the limit. A vote on this Article requires a written ballot.
